What Is Fractionation?

1. Attracting women the "usual" way is needlessly complicated.

2. Fractionation solves this problem by short-circuiting a woman's brain and make her fall in love in a shorter amount of time.

3. Definition of Fractionation: A process where you pull your target in by building rapport, and then break rapport, and then you pull her back in again so that you build a stronger level of rapport than the last time.

4. If you have a background in Neuro Linguistic Programming (NLP), then the following description may be useful to you (otherwise, feel free to skip it):

Let’s say you anchor a woman to a positive (happy) state. When you trigger the anchor, she will move into that positive state.

If the state only have a slight intensity before you trigger the anchor, she will obviously feel only slightly "happy”.

Fractionation is used to increase the intensity of the triggered state.

This means you’ll trigger the anchor, make her move into that slight intensity state, and then take her out of that state. Then, trigger the anchor again, then out, and then trigger it again... and so on.

Each time the state is re-triggered, it becomes more intense.

5. The Fractionation process can be as short as minutes or as long as weeks. You can be as slow or as fast as you can.

6. **Fractionation works on both someone whom you've just met, or someone whom have known you for a some time.**

7. Because of its nature, Fractionation can be used to hurt a woman by hurting her psyche and damaging her emotional stability.

8. It's *impossible* to undo the effect of Fractionation on women.

9. **Fractionation is what makes a Mind Control based system like Shogun Method different from (and more effective than) "Pickup Artist" or PUA trickery.**

Types Of Fractionation

Standard Fractionation

- **Good** for: A woman who is already intrigued by you, or is interested somewhat; expert users
- **Bad** for: Absolute beginners; women who you don't have pre-existing rapport with

One Sentence Fractionation

- **Good** for: Texting, quick rapport building
- **Bad** for: Prolonged, face-to-face conversations

Timeline Fractionation

- **Good** for: Beginners (easy to use without needing storytelling skills)
- **Bad** for: None (use it liberally!)
Standard Fractionation: “Death Of A Friend”

Have you ever met a person who you feel that he is meant to be with you?

Even if you’ve only known him for five minutes, you knew deep down inside you… …that he will be an important part of your life, whether as a partner or only a friend…

I have experienced that myself. I met someone who I grew very close to very quickly…

…but only a few days later she got into a horrible car accident.

She was gone.
Standard Fractionation: “Serial Killer”

You seem to be a sweet, happy and baggage-free girl...

...but then, you may well a serial killer. Because you know, all serial killers seem to be pretty nice and happy on the outside.
Standard Fractionation: “Kid Samurai”

This morning at seven, I woke up and saw a Katana blade three inches from my forehead.

It was my four-year-old brother. He’s going through a Samurai phase these days. It was pretty annoying, and I tried to brush him off.

I was dozing back to sleep until he whacked my head with his plastic Katana.
One Sentence Fractionation

<positive> + <negative>

- “I am fascinated by your bad manners.”
- “I am charmed by your lack of common sense.”
- “I am mesmerized by your severe lack of tact.”
- “I am enthralled by your mind-numbingly boring stories.”
- “I like you despite your lack of compassion for other human beings.”
One Sentence Fractionation

<negative> + <positive>

- “I am grossed out by your good manners.”
- “I am intimidated by your cunning intellect.”
- “I am overwhelmed by your ability to hold your drink”
- “I am disgusted at your boundless imagination and sense of adventure.”
- “I am repulsed by your ability to whip up a mean Caesar’s Salad.”
Timeline Fractionation

- “What do you for a living?” (Then, ask her about what she likes and dislikes about her job, etc.)
- “Is that what you’ve always wanted to do?” (Get her to project into her future; i.e. the ideal job that she wants to have)
- “What do you like about your current job? What don’t you like about it?” (Notice that you’re pulling back to the present)
- “Imagine now you’re doing the thing that you’ve always wanted to do. How would you feel then?”
On Fractionation & Boyfriend Destroyers

Fractionation involves the roller-coastering of emotions, which require the subject to go through cycles of sadness and happiness in a repeated manner. Under Future Projections, however, you’ll want to trigger her happy emotions only through positive experiences (real or imagined).

You can therefore use Future Projections as one part of Fractionation (i.e. the positive cycle).

The inherent danger of using negative experiences in Future Projection is that she will anchor negative emotions to you which make her fantasy with you repulsive and unappealing. On the other hand, you can use Negative Future Projections as part of your Boyfriend Destroyer routine (i.e. to make her imagine a bleak future with her boyfriend).

Locational Fractionation

This is a special version of Fractionation which is non-verbal. As its namesake implies, you’ll deepen the rapport she has with you by fractionating her location.

Move back a step or two. Ask her to move closer to you.

Take her to the opposite site of the room.

Take her out of the room.

Move closer to her. See if she moves away. (Chances are that she won’t.)

Move back a step or two. Pull her closer to you.

Take her to a nearby location.

The idea is to fractionate her physically so that she is conditioned to follow you wherever you go subconsciously without asking why.

Get An Ex-Girlfriend or Wife Back: Fractionation Script For Invoking Past Experiences

In many ways, rekindling an old flame is relatively easy with Fractionation because of the wealth of past experiences you have with her which you can tap into.

In fact, many of our Shogun Method clients use Fractionation (as part of the complete Shogun Method suite) to get their ex’s back to their arms quickly and easily.
Invoke A Past Experience (cont’d)

Below is a sample script which you can use on an ex-girlfriend or wife to trigger off a series of memories which will recreate her past passion for you.

Use the same structure, but insert your own stories and experiences which you have shared with her.

(Elicit A Response From A Positive Memory)

"Remember the first trip we made to Bali when we started dating? Gawd, we had such an amazing time on the white, sandy beaches... would you ever, ever forget about the bungee jump?"

(Elicit A Response From A "Fond" Negative Memory)

"Remember how we felt when we missed the flight back home from Bali? We had to spend the night at the dodgy Denpasar airport where we both had to sleep on the dirty floor next to a bunch of hippies? That was quite an experience!"

(Elicit A Response From A Depressing Memory)

"Think back to the day when Rocky died in our arms... it was heartbreaking for both of us, but we had to accept the fate that has been handed to us... thankfully, we had each other."

Repeat the cycle: Positive - "Fond" Negative - Negative for a couple more times.

See how that works?

Give that a go - if this is done correctly, her (fading) passion for you will be re-triggered, and each time you elicit a response from her, her emotions for you will be deepened.

Run this script a couple more times and she’ll be back in your arms, pretty much guaranteed.
