Fractionation Seduction: Action Checklist

This Action Checklist is based on the Fractionation Seduction guide as published at FractionationSeduction.net:-

Fractionation Seduction: The Basics

1. **For a woman to be happy with a man, she wants to be controlled and dominated by him.**

2. In order to seduce a woman, you'll need to use a *special* set of lines or routines which have been proven time and again to turn an independent woman to a docile little kitty which is completely subservient to you.

3. These lines or routines are based on **Mind Control**, and *not* the regular "Pickup Artist" tricks that you may have seen elsewhere.

4. Using Mind Control on women will give you the superpower to quickly attract, seduce and enslave (yes, *enslave*) a woman.

5. A good background on Mind Control is **absolutely essential** to your success as a seducer. Watch this online Masterclass on how to use Mind Control to seduce women by clicking here.

Hidden Addictions Of The Female Mind

1. There are ***"Hidden Addictions"*** inside every woman's mind, and these "Addictions" are weaknesses that you can exploit to make a woman subservient to you.

2. Mind Control lets you access these Hidden Addictions and *exploit them to your benefit.*

3. Every single woman (with no exception) is vulnerable emotionally in one very specific way:

The female brain has a Hidden Addiction to emotional roller coasters and drama.

4. This is why women are addicted to chick flicks, soap operas, sappy songs and Mills & Boon novels.

Hidden Addictions Of The Female Mind (cont'd)

5. These shows and books take the reader or viewer through an **emotional roller coaster**, forcing her to go through a repeated cycle of happiness and sadness along the story line.

6. When a woman goes through an intense emotional roller coaster, **she builds an emotional connection with the story, and by extension, the story teller.**

7. Using Mind Control, you can "replicate" the Soap Opera Effect with a woman in order to make a woman feel emotionally invested with and addicted to you.

8. The Mind Control technique you can use to make a woman go through an emotional roller coaster is **Fractionation**.

Next: Discover Fractionation…

How To Seduce A Woman With Fractionation

First Step: Ask her this -

> ***"Think back to an instance when you feel especially happy, joyful and ecstatic. What happened? How did you feel?"***

Make her describe the experience as vividly and as detailed as possible.

Next...

Second Step: Follow up with this question -

"Do you remember a time when you felt especially depressed, sorrowful or sad? What happened to you then? How did you feel?"

Again, get her to describe that experience in vivid detail.

Third step: tell her a happy story or experience yourself.

Fourth step: tell her a sad story or experience.

Repeat.

With enough emotional roller coaster cycles, you'll trick her brain into developing a quick emotional rapport with you. If you do this long enough with her, she'll soon be addicted to you... just like how she can't resist watching chick flicks and soap operas!

Bonus Trick (Not Found In The Article) – "Implanted Commands"

Implanted Commands are "ENTICE" strategies inside Shogun Method's "A" stage in the IRAE Roadmap.

An Implanted Command is a phrase that forms the part of a sentence which if spoken on its own, it would be a *direct command*. The other phrases in the sentence would camouflage the Implanted Command so that it goes under the radar, undetected by your target's conscious mind.

You use an Implanted Command to make a suggestion to your target which is *automatically accepted* because she won't be noticing it consciously, making it *impossible* for her to evaluate (and reject) the suggestion.

Let's look at some examples…

Some Examples...

Here are a couple of Implanted Commands to help start you off:

"Start to imagine <Implanted Command>…"

Start to imagine what you would do if your best friend suddenly dies in an unfortunate accident? Can you imagine the grief and emotional suffering that bites you inside the very core of your soul?

You can use this to incite both pleasure and pain inside a woman. In particular, when you're Fractionating her, then you'll want to use this to invoke feelings of **pain** inside her.

- ✓ *The full list of 44 Implanted Commands is inside Module 8 of Shogun Method (Stage "A" in the IRAE Model.)*

What's Next...

The techniques I've shared with you are just the tip of the iceberg when it comes to Mind Control seduction.

This guide will get you off a flying start, but to do well, you'll need a full suite of Mind Control tactics in order to control and dominate a woman completely.

After all, you don't really want to "attract" or "seduce" her...

... instead, you'll want to enslave her emotionally to you since you want to keep her for as long as you want, minus the usual headaches and frustration.

And this is what a Mind Control system such as the Shogun Method can do for you.

To learn how to enslave any woman and put her under your dominance using Mind Control, watch this exclusive Online Masterclass –
