"Bright Future"

A Shogun Sequence is a routine, pattern or series of verbal lines that are designed to invoke certain emotions in women.

Shoguns typically use Shogun Sequences to make a woman feel positive emotions (happiness, ecstasy, gratitude, love, amusement, inspiration, serenity) and linked those emotions to them. Conversely, Shogun Sequences can also be used to make a woman feel negative emotions (sadness, despair, contempt, anxiety, disgust), linking those emotions AWAY from the Shogun.

Here's the crucial difference between a Shogun Sequence and a regular Pickup Artist routine or story - a Shogun Sequence works entirely on a woman's subconscious, making it almost impossible to block.

The following is a Shogun Sequence designed to overcome a girl with daddy issues by mildly hypnotizing her by projecting to the future, making her past (where his problematic father was) irrelevant or forgettable.

"Bright Future"

“You know what I’d love to do with you? I’d pick you up one morning... and take you to my home... our home together... where we will build our bright and happy future, with your hand in mine, together. Our home will be on the edge of a mountain... with an amazing view of the sea... and I’d give you your own room... you could spruce it up however you liked... wall to wall pink, marble worktops... you name it.... we could even take you down the river nearby... and you could see yourself in the crystal clear water... and bathe under the gushing waterfall... what a bright future that we have, you and me... and we will leave everything behind... everything... including my past, and yours... this will be our new life, together, just you and me.”

Remember to blotch your lines appropriately (see the Rapport module inside Shogun Method).

Give it a shot and be amazed at how effective it is!
