Action Checklist

If You Want To Hypnotize Women Into Falling In Love With You, Then Start Believing These Scientific Facts About Them:

- If you let a woman become the dominant one in your relationship, she starts losing attraction for you
 - If you want to keep a woman by your side, you must dominate her. You must be in control at all times
 - Your morals and ethics have nothing to do with it. If you want to make a woman fall in love with you, then you must be ready and willing to do whatever it takes - even if it's sexist, misogynist, or politically incorrect
 - "Seducing" a woman isn't enough. You must Enslave her - that is, to make her emotionally addicted to you
 - Women have a natural need for emotional drama. Their brains are wired to act based on emotion, not logic. She acts based on feelings, not facts. This is the "flaw" you need to exploit to make her fall in love with you
 - "Hypnosis," in the context of making women fall in love, is about bypassing her conscious mind. The more you influence her subconscious mind, the more easily and quickly she falls in love with you

How To Enslave A Woman in Three Steps (If She Recently Left Or Broke Up With You)

- Step #1: Add an element of Intrigue to your relationship.** This is meant to capture her attention. If she just left you, then the best way to add intrigue is to have zero contact with her for at least two weeks, as it will make her think about you and miss you
 - Step #2: Begin the hypnotic trance with the “Future Projections” Mind Control technique.** Send her a text that confuses her, describes an ideal fantasy to her, and associating yourself with an idea of perfection no other man can live up to
 - Step #3: Use the Fractionation technique to emotionally Enslave her to you.** (Learn more at the last section of this Action Checklist)

“Hypnotizing a woman into falling in love with you” is most commonly done by Shoguns who want their exes back. However, it can also be used to quickly attract women who are NOT in a relationship with you - friends, acquaintances, co-workers, etc.

It’s called the “Chance Meeting” Sequence, and here’s how it works.

The first step is the same: You add **Intrigue** into your interaction with her. You do this by doing Value Elicitation on her. When your conversation touches on love, dating, or relationships, ask her a question like:

“So what qualities are important for you in a boyfriend?”

“What’s your ideal relationship like?”

Questions like these **elicit her values** when it comes to love, dating, and relationships. She might answer:

“Well, my ideal relationship is one where he and I are doing our own things. We have our own careers, passions, social lives... but at the end of the day, we come home to each other.”

(Turn the page.)

To which you might do more Value Elicitation and ask:

“Something tells me none of the guys you’re dating fits the bill.”

And she might say:

“None. The last guy I dated was almost great. But he got terribly insecure whenever I went on a trip for work or with my friends. He told me it was because he loved me, and I believed him... but I don’t know why I felt turned off by it.”

When you’ve elicited enough of her values, the second step - the hypnotic trance - comes in. Here, you **Anchor** her “good” values to yourself, and the “bad” values to other guys.

For instance, you can say:

“I think I know why you got turned off. I mean, every smart woman wants a strong stable guy.”

And as you’re saying it, you motion your hand towards you, as though “anchoring” the feelings of strength and stability to yourself.

(Turn the page.)

Then you continue:

“But your guy showed you he was weaker than you. He showed how he could be so easily rattled by just one woman. I think that’s why you got turned off – I think most women would be turned off by guys like that.”

And as you’re saying that, you motion your hand AWAY from yourself, “anchoring” the feelings of “weakness” and “insecurity” to other guys.

You continue until she well and truly sees you as a “good” guy, and is hinting about dating each other. Then the third step comes in - you Enslave her with the Fractionation technique.

The “Chance Meeting” Sequence can make any woman fall in love with you right on your first date. And yet it’s not complete without Fractionation, which you will need to master.
