Women Psychology 101

1. Women seem to behave unpredictably and irrationally sometimes, and this is caused by certain *vulnerabilities* which are hard-wired inside their minds.

2. By exploiting these psychological vulnerabilities, you'll be able to gain the upper hand and make any woman yield to your influence and control whenever you want.

3. **A woman's biggest psychological weakness is that she lets her emotions govern her actions.**

4. Once you have developed a superior understanding of how female psychology works, you'll be able to *"brute force"* a woman to develop feelings for you.

1. The best way to master the art of understanding (and exploiting!) a woman's psychological weakness is to use **Mind Control** techniques. For a **free** online Masterclass (conducted by Derek Rake, the founder of Shogun Method), click here.

Technique #1: Congruency

- To attract women, you've got to maintain your muscular edge.

- It's fine to identify with a woman's feminine side, but to generate attraction, you've got to be the polar opposite of her (just as nature intended.)

- Using Mind Control on women requires a minimum level of Congruency to be effective.

- A woman doesn't just "listen" to what you say. She is programmed to tune into your "sub-communications" and see if what you say is in sync with how you're presenting yourself.

- Congruency with Mind Control requires deep immersion in the subject and complete rejection of Pickup Artist style of seduction.

Technique #2 – "Implanted Commands"

Implanted Commands are "ENTICE" strategies inside Shogun Method's "A" stage in the IRAE Roadmap.

An Implanted Command is a phrase that forms the part of a sentence which if spoken on its own, it would be a *direct command*. The other phrases in the sentence would camouflage the Implanted Command so that it goes under the radar, undetected by your target's conscious mind.

You use an Implanted Command to make a suggestion to your target which is *automatically accepted* because she won't be noticing it consciously, making it *impossible* for her to evaluate (and reject) the suggestion.

Let's look at some examples…

Let's Look At Some Examples...

Here's the structure of a sample Implanted Command which you can use today:

"Sure, I can tell you that <Implanted Command>, but I won't."

*"Sure, I can tell you that **I am the one you're looking for**, but I won't."*

*"Sure, I can tell you that **your boyfriend is a jerk** and **you should dump him today**, but I won't."*

*"Sure, I can tell you that **you've always wanted me to be your boyfriend**, but I won't."*

Simple, but devastatingly effective.

Watch Out For This Mistake!

As you can imagine, you can also use Implanted Commands to plant dirty thoughts in a woman.

The danger here is that if you're not careful, you'll trigger her anti-slut defense pretty quickly.

For example: never say something like ***"Sure, I can tell you that licking my lollipop is an orgasmic experience, but I won't."*** - especially during early stages of seduction.

However, if you're already escalating with her physically, then Implanted Commands will heighten her desire for you like nothing else!

"Start to imagine <Implanted Command>…"

Start to imagine what you would do if your best friend suddenly dies in an unfortunate accident? Can you imagine the grief and emotional suffering that bites you inside the very core of your soul?

You can use this to incite both pleasure and pain inside a woman. In particular, if you're familiar with the Fractionation technique, then you'll want to use this to invoke feelings of **pain** inside her.

Technique #3: Mirroring

If you constantly portray the right body language to a woman, you'll be making her sexually attracted to you on a very ***primal*** level.

Mirroring is about copying her body movements as she talks to you.

Technique #3: Mirroring (cont'd)

Pitfall: if you "over" mirror her, she may think that you're mocking her.

To avoid this: wait for THREE (3) SECONDS before you mirror her particular movement. This way, you'll completely slip under the radar as you continue to work on her subconscious.

She will feel that she has built an emotional rapport with you, and will feel comfortable even as you escalate physically with her.

How To Use Fractionation To Hack Her Mind

Fractionation is a Mind Control trick which exploits a woman's need for emotional drama.

Here's a typical Fractionation cycle:

- You tell her a story (or make her recall a past experience) which makes her **happy**.
- You tell her a story (or make her recall a past experience) which makes her **sad**.
- Repeat.

By making her go through an emotional roller coaster, you'll make her addicted to you (like how she's addicted to soap operas, chick flicks and romance novels.)

What's Next...

The techniques I've shared with you are just the tip of the iceberg when it comes to Mind Control seduction.

This guide will get you off a flying start, but to do well, you'll need a full suite of Mind Control tactics in order to control and dominate a woman completely.

After all, you don't really want to "attract" or "seduce" her...

... instead, you'll want to enslave her emotionally to you since you want to keep her for as long as you want, minus the usual headaches and frustration.

And this is what a Mind Control system such as the Shogun Method can do for you.
